FRONTEND DEVELOPER | HTML, CSS, JAVASCRIPT

I am a dynamic and ambitious professional transitioning into a career as a Frontend Developer with solid skills in HTML, CSS, and JavaScript. I have completed a Frontend Development training program, gaining hands-on experience in building modern user interfaces. My previous experience in team management and customer service has strengthened my communication and collaboration skills. Passionate about new technologies, I continuously develop my expertise in creating interactive and visually appealing web applications.
